WEDONE environment & energy technology (Shanghai) Co., Ltd.

ONE-STOP GALVANIZING SOLUTION SUPPLIER

WEDONE environment & energy technology (Shanghai) Co., Ltd. is dedicated to deliver quality galvanizing equipment, galvanizing engineering solutions and technical service to the galvanizers worldwide.

Galvanizing Production Line

Full Turn-key Delivery of Hot Dip Galvanizing Plant

- Hot-dip Galvanizing Production Line & Equipment
- Process Monitoring & Management Information Systems
- Hot-dip Galvanizing Equipment Maintenance & Training Program

Scope of service includes:

Design, engineering and manufacturing of hot dip galvanizing Plant & equipment.
Turn-key hot dip galvanizing plant

Equipment : ▼

- Furnace, Kettle, enclosures
- Pre-treatment bath, piping, storage tanks
- Logistic system, cranes, mono rails
- Environment technology: gas scrubbers, filters, heat recovery systems, rinse and flux treatment.

Galvanizing Equipment

Hot-dip Galvanizing Furnace

Fume Enclosure

Enclosed Pickling House

Charging Carrier

Control&Management System

Operating&Supervising System

RGV Logistic System

Charging Carrier

Fume Filter

Gas Scrubber

Flux Regenerating System

Heat Recovery System
